HAWAH SHOOTS EXCELLENTLY

With the most delicate materials to be cleaned and dyed. We guarantee N.G.H. Are Twenty-Fourth In National Match At FRENCH LAUNDRY. Phone 1491. Perry

Hawaii was well represented at the rifle shoot at Camp Perry, and managed to get into twenty-fourth place with a score of 3520. This is only 281 points behind the winners -the Navy made 3801.

Colonel Jones' statement to ulletin man, before leaving for Kate Woodard the coast, that he considered the present team the strongest that ever eft Hawaii is borne out by the re sult of the shoot.

Last year our team finished in the wenty-sixth place, making a total of 2714, or 806 less than this year's team. In 1907 Hawaii was a long way down the list and only put up score of 2688.

And when it is remembered that some of our very best shots could Operating, 8-12 not make the trip this year, we may feel assured that Hawaii is well up in rifle shooting as compared with the rest of the owrld.

This year the N. G. H. is numbered in the first division for the first time since the team has competed in the annual shoot, Last year they headed the second division, and it is very evident that our me nare getting better all the time. When a team that runs twenty-

fourth in a competition is only 281 points behind the winners, it seems that the whole of the leading teams must be very close to one another.

Adjutant General from Colonel Jones is as follows: 'Navy first place, aggregate score 3801; Hawaii aggregate score 3520; twenty-fourth place.

BRUTAL TREATMENT.

Through a telephone report received his morning by Ranch Superintendent H. Tracy, of the Hawaiian Trust Company, it was learned that a valuable mare was brutally beaten last light at the Dowsett ranch by some vicious person so that the animal will lie. From an investigation of the affair at the ranch, it appears some one ode the mare nearly to death and then tent her with a heavy club when she would no longer go. The matter has been reported to the police and if the brute is caught he will be given the full limit of the law.

COASTWISE LAW

SAN FRANCISCO, Aug. 26.-Local shippers will test the constwise shipping law. They will charter a vessel and ship a cargo, probably choosing the San Francisco-Honolulu run as the best one to make the test run over.

The shippers contend that the navy established a precedent when it shipped coal to Honolulu in foreign bottoms.
